TRUST COMPANY IS OF SPECIAL benefit to those who have surplus funds, but who are unacquainted with investments-a thing, indeed, that requires long experience and great familiarity.

Many people find themselves owners of property, real and personal, with none of the foresight of those who accumulated the property.

A married woman with a separate estate, or a widow, must rely upon an agent of some kind for the proper care of such estate.

Those who have savings from their industry need advice and direction to make their savings play their proper part in accumulation.

For all these requirements THE IN-DIANA TRUST COMPANY offers its advice free, and its services - more complete than those of any individual agent-for a moderate compensa-

On the Stock Exchange, yesterday, Sugar opened at 102, ex. dividend of 3 per cent., a decline of 1/4, taking off the dividend, from Saturday's closing. On steady selling, with only an occasional rally, due to the covering of short contracts to take profits, the shares continued to decline during the day. In the final trading the selling was heaviest and the losses greatest, the low point of the day, 97%, being touched just before the close. A rally of % was made in the final sale, leaving a net decline on the day of 5 per cent. The preferred stock lost 11/2. It is said that inside interests started the selling, which was taken up by the bear traders. Rumor has it that the company will issue a statement of finances very soon. Distilling made the next heaviest break, 3½ from Saturday's final sale, and closing within ½ of the lowest figure made. The stock was fairly well held during the morning, but peceded during the afternoon, the general bulk of the sales being credited to insiders. The recent rumors as to a receivership were revived and a report was circu-lated to the effect that the bondholders proposed to take the property to secure their There is great uncertainty as to the future of the company, and the final trading in its stocks was very feverish. Declines were established at the close of 21/4 in Tobacco, 13/4 in Cotton Oil preferred and Lead common and preferred, % in United States Leather, 1% in United States Leather preferred, % in Edison Electric preferred, and 16 in General Electric. Chicago Gas showed marked strength in the early dealings, and, under good buying, mainly to cover short contracts, rose 14, to 72. Before noon, however, it had begun to sag off with its sister stocks and joined in force in the downward movement of the afternoon, breaking to 70%, with a final recovery of which limited the depreciation on the day to 14. The railway list shared to some extent in the prevailing depression, but ex-

ing by disappointed holders and a decline of 1% was effected. Philadelphia was the principal seller, and in the later trading. when a recovery of 1 per cent. was made, the buying orders were mainly for the same account, and it is believed that the greatest part of the trading was done by During the last hour nearly every share dealt in brought lower values, and the market closed heavy at declines ranging from 1/4 to 21/4, the latter in Baltimore & Onlo. LOCAL GRAIN AND PRODUCE. The Week Opens Promising with

Steady Prices Prevailing. Wholesale men say that the indications are for a good trade. The time has come for the wholesale men to be donig a good business if there is to be any business this fall. Grocers are the only wholesale men that have been enjoying a brisk trade. However, dry goods, boot and shoe and nillinery houses brightened up last week somewhat. In prices there were few changes. Fruits and vegetables carry a firmer tone, but no advance of importance s yet noticeable except on Irish potatoes. Poultry, eggs and butter are all easier, re-ceipts liberal and Eastern demand a little slow. Sugars, on reports from the East, de-

#### Missouri Objects to Reed. St. Louis Globe-Democrat.

Joe Manley, in a long interview, declares that Tom Reed is Maine's own and only choice for President, and that all the other candidates are too old, too young or too middle-aged for the position. Maine is too near Canada and too far from Missouri to be allowed to name a presidential candidate. He should be content with second money in the next quadrennial handicap.

## Where Is Jones?

New York Advertiser. Where is Jones these days of great Democratic drought and despondency? We refer to Jones who pays the freight. We believe Jones, if properly approached, could be prevailed upon to come out of his hollow log and chase the Bemocratic anise-seed bag this year.

SURPRISE IN WHEAT

VISIBLE SUPPLY INCREASE OF 1, 250,000 DWINDLED TO 46,000.

After a Weak Opening All Grain Gathered Strength and Closed at Slightly Advanced Prices.

CHICAGO, Sept. 17 .- The speculative branch of the grain markets was weak at the start to-day, and firm at a slight advance on Saturday's prices at the close. The visible supply of wheat which, according to all precedents, should have been increased at least 1,250,000 bushels, gained only 46,000 bushels, and that turned everything upwards. Wheat recovered a halfcent loss and closed with a gain of 14c. Corn is 4c higher, after an early decline of %c and oats closed unchanged. Provisions were firm in tone throughout. A decrease of 1,326,000 bushels in the amount of wheat and flour on ocean pass age started the wheat market a little higher than it closed on Saturday afternoon, The bears, however, poured cold short

wheat into it and it soon became heavy and dull. The Northwestern receipts, while smaller than some of Saturday's rumors had led to the expectation of, were sufficiently heavy to be a bearish factor. Liverpool was quoted quite active but steady at the opening, Paris 10 centimes lower for wheat and flour, but a Berlin private cable reported an advance there of four marks for October. Primary market receipts in the West were very heavy, amounting to nearly 1,200,000 bushels. That was considered the worst feature for the bulls of the day's developments. December opened with sellers at 564c, and a few transactions at that, but worked off gradually under free offerings until down to 55%c, at which it held steady for a long time in the middle of the session. At this stage of the proceedings all the returns of the visible supply had been received except the quantity affoat on the lakes, and an increase of about 1,250,000 bushels was the situation up to that time, and a small decrease on the lakes, perhaps 100,000 bushels, or 200,000 bushels was expected to complete the report. The decrease on the lakes proved to be 1,023,000 bushels, and that left an increase of only 46,000 bushels in the visible for the week, as against 1,000,000 bushels increase, at least, as confidently looked for a moment previous to the receipt of the float figures. The price took an immediate jump to 56% c, with one sale as high as 564c. Enough came out at the advance to cause a reaction to 56c. New York began to send buying orders near the close, and December finished at 564c. Corn opened strong at 4c advance, but was very soon thereafter seeking custom-ers, at 5c under the highest price it touched at the start. The receipts were 574 cars under the estimated rail receipts, but in addition there was 6,200 bushels by canal. A light frost had been experienced in South Dakota on Sunday night, but it was not supposed to have injured the attenuated remainder of corn still left

standing there. Some little strength was imparted by a prediction of frost to-night in Iowa, Nebraska and Wisconsin, but the market did not advance materially until wheat took its leap of surprise at the visible supply figures. The visible supply of corn increased 455,000 bushels, making the total 4,101,000 bushels, compared with an increase of 805,000 bushels in the corresponding week of the year before, which left the total visible of that year at 6,462,-000 bushels. The opening price for May was 5314c, with a few sales as high as 53%c and one or two transactions at the time at 53%c. There were soon plenty of sellers at the lowest of these quotations, and before long the price got down to 52%c. It rallied again under the encouragement received from the strength in wheat, and finally became strong on its own account

and closed at 53%c. In oats business was light, and prices, after opening firm, with corn, fell off later for the same cause. The disposition to trade either way was limited. Carrington-Hannah were offering October freely, but only a comparatively small portion was taken. October started at 30%c, sold down to 30% and closed at 30% It was difficult to buy any provisions, and immediately after the opening there appeared to be a good inquiry from local The Anglo-American Packing Company helped the early sellers to get a good price for their offerings. Hately Brothers were free sellers later in the day, and John Cudahy a buyer. The market had a weak spell at the middle of the session, when wheat and corn were showing their midday heaviness, but for the most part provisions ruled firm and were strong at the close. Latest trading prices were at an advance for the day of 171/2c in pork, 15c in lard and .10c in ribs. Freights slow at 1½c for wheat, 1¼c for corn and 11/sc for oats to Buffalo and 1/sc for wheat to Mllwaukee.

Elsewhere. CHICAGO, Sept. 17.-The cattle market was in better condition than expected. Re-

ceipts were 5,000 to 10,000 less than common

at this season of the year. There were 4,000 Western rangers and 1,000 Texans. The choice cattle were very scarce and sold early at 15@25c advance on the closing prices of last week. Some choice fat cattle sold at \$6@6.35. Medium to good cornfed beeves sold at \$4.50@5.75, with grassers and common corn-fed steers at \$3.40@4.75. Native cows sold readily and Western rangers also sold stronger. Good feeding cattle were in very good demand. The general hog market opened slow and weak at Saturday's closing, but later declined 5@10c, making a decline of 30@5@c since last Thursday. Receipts were fully up to expectations and the quality better than for several days past, still the demand for even the best lots was slow, and they shared in the general depression; in fact, choice heavy seemingly were the weakest on the list at the finish. The shipping demand was rather indifferent and packers acted bearish from start to finish, several of them being almost entirely out of the market. Some fancy heavy were held at \$6.70@6.75, with \$6.50 the best bid early; later buyers offered only \$6.50 for the very best, so that several bunches of prime stock remained in the pens. Fully 8,000 undesirable hogs were carried over, and the finish

\$5.70@5.80, heavy shipping principally at \$6.35, and most of the light weights at \$5.80@6. Receipts of sheep consisted of about 12,-000 head, a large proportion of which were, Western. A sharp demand prevalled for de-sirable sheep and lambs, and salesmen were able to secure better prices. Good to choice sheep sold 10c higher, with lower grades strong. Lambs showed an advance of 100 15c. Business was active and the supply soon cleared. Western sheep, 98 to 112 lbs, sold at \$2.75@3.10; natives, \$2.25@2.75; 736 Utah lambs, 65 lbs, \$3.90. The bulk of the lambs sold at \$3,500(3.75. Receipts-Cattle, 12,000; calves, 1,000; hogs, 25,000; sheep, 12,000.
